Kentland Beef and Forage Day

July 27, 2017, 8:30 a.m. – 4:30 p.m.

Kentland Farm
5250 Whitethorne Road, Blacksburg, VA 24060

Join us at the Kentland Beef and Forage Day to learn about beef cattle production, hay and pasture equipment and technology, and precision agriculture for small farms.

Topics covered include

- Economics of low-stress cattle handling.
- Identifying quality feeder cattle.
- Virginia beef industry and market outlook.
- Increasing pasture production with summer annuals and alternative forages.
- Hay harvesting demonstrations.
- Spray applications using boomless and aerial technology.
- Practical and low-cost application of precision agriculture in livestock and forages.

Features

- Virginia agriculture update by Megan Seibel, Assistant Secretary of Agriculture and Natural Resources.
- Virginia beef industry and market outlook by Jason Carter, Executive Director of the Virginia Cattlemen’s Association.

Field Day sponsored by the Virginia Tech College of Agriculture and Life Sciences and Virginia Cooperative Extension.

Cost is $10 per person. Lunch is provided. Space will be limited to the first 250 people who register.

If you are an individual with a disability and desire an accommodation, please contact Morgan Paulette at 540-980-7761 or paulette@vt.edu during regular business hours at least 10 business days prior to the event.

Registration

Make $10 checks payable to: “Treasurer- Virginia Tech”
